**INFORMATION DISCLOSURE STATEMENT/
SUPPLEMENTAL RESPONSE TO OFFICE ACTION**

Assistant Commissioner for Patents
P.O. Box 1450
Alexandria VA 22313-1450

Sir:

An Office Action was issued in connection with the above application on March 24, 2004, and an Amendment (with a Petition for Extension of Time) was filed on August 23 responding to this Office Action. In the paragraph bridging pages 3 and 4 of the Office Action, the Examiner noted that "The listing of references in the specification is not proper information disclosure statement" In the aforementioned Amendment the undersigned made no response to this paragraph. However, upon further review of the Office Action, the undersigned has realized that he failed to file an Information Disclosure Statement at the normal time shortly after the application was filed. Accordingly, this Information Disclosure Statement is being filed to remedy this earlier omission and to respond to the aforementioned paragraph of the Office Action. Since this IDS is being submitted after issue of the first Office Action on this application but before issue a Final Action or Notice of Allowance, and in accordance with the Commissioner's Notice of August 20, 2002 (see 1262 OG 94), the "late IDS" fee prescribed by 37 CFR

Paolini et al.

1.17(p) is being paid with the first part of the electronic IDS (see below) and no fee is being paid with the second part of the electronic IDS or with the present paper part.

The undersigned is filing simultaneously herewith a two-part electronic IDS. Since the undersigned has recently experienced problems in several applications in which a multiple-part electronic IDS has been filed (in that none or less than all parts of the electronic IDS have reached the file), paper copies of both parts of the electronic IDS, including the Acknowledgement Receipts showing them to have been received by the Office, are enclosed, and the Examiner is respectfully requested to check that both parts do reach the file wrapper.

The applicant is also filing this paper IDS to make of record foreign patents and applications and non-patent references. The references which it is desired to make of record are listed on the accompanying Form PTO-1449 and copies are enclosed.

All of the references filed herewith are in the English language, so that, pursuant to 37 CFR 1.98(a)(3), no statement of the relevance of each reference is required.

The Examiner is respectfully advised that there is a corresponding International Application WO 02/075443, on which an International Search Report has been issued, and a copy of this Search Report is filed herewith.

The Examiner is also respectfully asked to note that certain prior art documents referred to in the application are not being supplied herewith, since upon reconsideration it has been determined that they simply repeat the disclosures of other documents which are being supplied, as follows:
